BOB CAMPBELL NAMED LEAN MANUFACTURING PRODUCTION MANAGER FOR PAS TECHNOLOGIES PHOENIX FACILITY

Kansas City, MO., – January 31, 2007 – PAS Technologies Inc. announced it has hired Bob Campbell to the position of Lean Manufacturing Production Manager. Campbell will be responsible to manage the manufacturing team to maintain and exceed business goals and customer expectations at the company's facility located in Phoenix, Arizona. He will report to Rick Bramstedt, general manager.

Campbell has over 25 years experience in manufacturing management holding positions as engineer manager, plant manager, and general manager working for AlliedSignal Aerospace, Ryobi Outdoor Products and MechTronics of Arizona. Campbell is trained, qualified and certified in ISO 9000. He has completed training in Lean Manufacturing, World Class Manufacturing, Just in Time Manufacturing and Kaizen implementation. He holds a bachelor's degree in engineering from Arizona State University.

PAS Technologies Inc. (www.pas-technologies.com) is a privately held corporation headquartered in North Kansas City, Missouri specializing in providing cost-effective repair and overhaul solutions for the aerospace and industrial markets. By using innovative and proprietary high-technology repair processes, along with repair solutions licensed from OEMs, the Company saves its customers from having to purchase costly replacement parts. The broad range of components serviced includes gas turbine engines, critical airframe parts, gates and seats used in oil fields and industrial components used in other high-wear, high-heat, and corrosive environments.
