## **BRADON HINES NAMED CONTROLLER FOR PAS TECHNOLOGIES**

**Kansas City, MO., – September 11, 2006** – PAS Technologies Inc. has announced the promotion of Bradon Hines to the position of corporate controller. Hines has over ten years experience in a variety of finance and accounting management roles. He will oversee all aspects of PAS Technologies' financial, operational and manufacturing accounting and reporting functions based in the company's headquarters in North Kansas City, Missouri. In this newly created position, Bradon reports to Wayne Booth, the corporation's acting chief financial officer.

Hines had been finance manager for PAS Technologies, formerly a division of Praxair Surface Technologies, Inc. since 2004. He joined Praxair Distribution Inc. in 2000 as staff accountant for two years and home care accounting team lead for another two years. Prior to that, he was an auditor for KPMG LLP in Des Moines, Iowa. He earned a bachelor of science degree in accounting from Iowa State University in 1997 and is a Certified Public Accountant.

PAS Technologies Inc. ([www.pas-technologies.com](http://www.pas-technologies.com)) is a privately held corporation headquartered in North Kansas City, Missouri specializing in providing cost-effective repair and overhaul solutions for the aerospace and industrial markets. By using innovative and proprietary high-technology repair processes, along with repair solutions licensed from OEMs, the Company saves its customers from having to purchase costly replacement parts. The broad range of components serviced includes gas turbine engines, critical airframe parts, gates and seats used in oil fields and industrial components used in other high-wear, high-heat, and corrosive environments.
