## **PAS TECHNOLOGIES ANNOUNCES GEOFFREY WRIGHT APPOINTED DIRECTOR FINANCIAL PROJECTS**

**Kansas City, MO., – October 17, 2007** – PAS Technologies Inc., announced that Geoffrey Wright has joined the company as director of financial projects to lead the company's financial and accounting information initiatives that support multiple business locations. He is responsible for the development, implementation and integration of financial and operational business systems that support business units world-wide. In this position, he will report to Wayne Booth, chief financial officer.

*Geoffrey Wright*

Prior to joining PAS Technologies, Geoff held a number of engineering and business development positions during a 13 year career with Praxair Surface Technologies, Inc., most recently as division finance manager. He earned a Master of Business Administration from Duke University, Master of Science from the University of Florida and a Bachelor's degree in Mechanical Engineering from Vanderbilt University.

A privately held corporation headquartered in North Kansas City, Missouri, PAS Technologies Inc. ([www.pas-technologies.com](http://www.pas-technologies.com)), specializes in providing cost-effective solutions for the aerospace, energy, and industrial markets. PAS Technologies services a broad range of components, including gas turbine engines, critical airframe parts, oilfield gates and seats, and provides specialized services to the power generation industry, and components used in other industrial high-wear, high-heat and highly corrosive environments.
