KEVIN SLATER PROMOTED TO SALES MANAGER, WESTERN REGION FOR PAS TECHNOLOGIES

Kansas City, MO., – October 4, 2006 – PAS Technologies Inc., announced that Kevin Slater has been promoted to the position of sales manager for the western region reporting to Brian Rasmussen, vice president sales & marketing. Based in Phoenix, Arizona, Slater will be responsible for sales coverage of the Western USA and Canada regions as well as for aggressively expanding business for the company's Airframe Services Group on airframe components.

Slater got his start in aviation sales at Treffers Precision, a division of PAS Technologies, in 1993. Since then he has held various management positions in production, sales and marketing. He holds a bachelor's degree in business administration from the University of Arizona and is currently pursuing a graduate degree from Keller Graduate School of Management.

Treffers Precision, located in Phoenix, Arizona, is primarily a metal finishing business, providing chrome, nickel, cadmium and copper plating and anodizing for aerospace gas turbine engine components, as well as other industrial applications.

PAS Technologies Inc. (www.pas-technologies.com) is a privately held corporation headquartered in North Kansas City, Missouri specializing in providing cost-effective repair and overhaul solutions for the aerospace and industrial markets. By using innovative and proprietary high-technology repair processes, along with repair solutions licensed from OEMs, the Company saves its customers from having to purchase costly replacement parts. The broad range of components serviced includes gas turbine engines, critical airframe parts, gates and seats used in oil fields and industrial components used in other high-wear, high-heat, and corrosive environments.
