PAS TECHNOLOGIES APPOINTS THOMAS TAN DIRECTOR, ASIA-PACIFIC SALES AND MARKETING

Kansas City, Mo. – April 23, 2007 – PAS Technologies Inc., has hired Thomas Tan as director, Asia-Pacific sales and marketing. In this role, Tan will also have responsibility for the sales and marketing activities of Asian Surface Technologies Pte. Ltd (AST), the Singapore-based joint venture of PAS Technologies, SIA Engineering Company and Pratt & Whitney. Based in Singapore, Mr. Tan will oversee marketing and sales efforts to the aerospace, industrial gas turbine, and petrochemical industries within the vital Asian markets. Mr. Tan will dual report to Brian Rasmussen, vice president sales and marketing for PAS Technologies Inc., based at the corporate headquarters in North Kansas City, Missouri and Bill Lodwick, PAS Asia Pacific regional director and managing director, AST who is based in Singapore.

Before joining PAS Technologies, Mr. Tan was marketing and customer service manager for Eagle Services Asia, responsible for the new franchise business providing aviation engine wash services. Prior to that, he held a series of sales and management positions at Pratt & Whitney and Turbine Overhaul Services Pte. Ltd (TOS), a joint venture between Pratt & Whitney and Singapore Technologies Aerospace. He began his aerospace career 25 years ago with Singapore Aerospace. Mr. Tan holds a Bachelor of Business degree in marketing from Royal Melbourne Institute of Technology University, Australia and a diploma in electronics engineering from Caulfield Institute of Technology, Melbourne, Australia.

“We are pleased to have an executive of Thomas’ caliber and technical experience on our marketing team,” comments Mr. Rasmussen. “His addition to our staff demonstrates to our customers our continuing

commitment to grow our Asia-Pacific business and to provide the very finest in component repair services worldwide.”

“This newly created position will allow both PAS Technologies and AST to greatly enhance and expand the products and services in Asia,” said Mr. Lodwick. “Thomas has extensive skills and experience, and we look forward to him leveraging his expertise and relationships to benefit our customers and the company.”

PAS Technologies Inc. (www.pas-technologies.com) is a privately held corporation headquartered in North Kansas City, Missouri specializing in providing cost-effective repair and overhaul solutions for the aerospace and industrial markets. By using innovative and proprietary high-technology repair processes, along with repair solutions licensed from OEMs, the Company saves its customers from having to purchase costly replacement parts. The broad range of components serviced includes gas turbine engines, critical airframe parts, gates and seats used in oil fields and industrial components used in other high-wear, high-heat, and corrosive environments.

Asian Surface Technologies Pte. Ltd, is a Singapore-based joint venture company between PAS Technologies, SIA Engineering Company, and Pratt & Whitney. The company provides repair and overhaul of aviation components for commercial aircraft as well as high performance surface coatings and finishing for oilfield and aviation OEM components.
